### *Notes to the statistics:*

- (i) An asterisk indicates that this is the figure supplied by the church even though it is inconsistent with their reported net gain or loss, or that the starting figure the church claims for 2005 differs from their reported end figure for 2004.
- (ii) The overall net loss is calculated from the total membership figures. It is different from the figure arrived at from the breakdown of additions and deductions because of inconsistencies in the figures received from churches.
